

Bonita Style

Из интервю с Управителя на “Бонита Стил”

инж. Даниела Зеркова:

Въпрос:

В анотацията на **BONITA Style** четем,
че фирмата е една от водещите производители на
детско-юношески облекла и ученически униформи.

Защо това е така?

Отговор:

Няколко са основанията за това:

BONITA Style е фирма, която повече от 15 години произвежда
точно детско-юношески облекла.

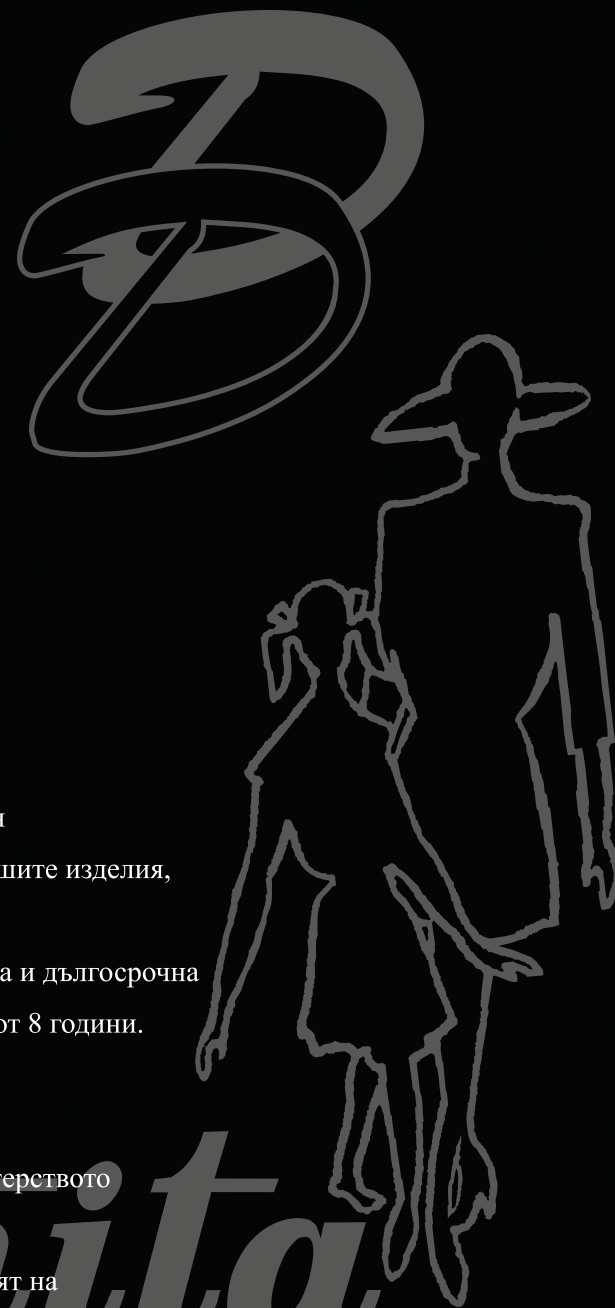

Внедрената от нас система ISO 9001:2008 е с предмет на сертификация
детско-юношески и униформени облекла и е гарант за качеството на нашите изделия,
които продаваме успешно в цяла Европа.

BONITA Style е първата фирма в страната, която разработи целенасочена и дългосрочна
програма в сферата на ученическото облекло и я реализира вече повече от 8 години.

Днес **BONITA Style** е фирмата, изработила облеклата на най-много
училища в страната – около 80. Ние сме фирмата, изпълнила най-много
договори в тази сфера, включително договори по програмите на Министерството
на образованието, младежта и науката – над 100.

И може би най-важното за нас – над 35 000 деца от цялата страна ходят на
училище с униформени облекла, изработени от **BONITA Style**.

Затова искам да благодаря изключително много на всички наши
партньори-училища за доверието, което ни гласуват!
